Applications will be reviewed by the Symposium Steering Committee. Time and space constraints may limit the number of opportunities available.

Compliance

Upon approval, the ISS CME provider will be invoiced. The supporter will be invited to participate with the expectation that the educational activity is held in accordance with the standards established by the Accreditation Council for Continuing Medical Education (ACCME), the AdvaMed Code of Ethics on Interactions with Health Care Professionals, the American Medical Association's (AMA) Code of Ethics Opinion relating to Continuing Medical Education and Gifts to Physicians from Industry, the Food and Drug Administration (FDA) regulations regarding Industry Supported Scientific and Educational Activities, the Medical Imaging and Technology Alliance (MITA) Code of Ethics on Interactions with Health Care Providers, the National Electronic Manufacturers Association (NEMA) Code of Ethics on Interactions with Health Care Providers, the Pharmaceutical Research and Manufacturers of America (PhRMA) Code on Interactions with Health Care Professionals and the Department of Health and Human Services' Office of

Inspector General (OIG) Compliance Program Guidance for Pharmaceutical Manufacturers. It is strongly recommended that appropriate source and reference citations accompany all data presented in slides and program materials.
